K. H. S. Defeated by B. B. Team.

Killingly High school's baseball team suffered another defeat at the hands of the Baptist Brotherhood team, a really promising aggregation of players, if they would stick to the pastime, by a score of 19 to 18. THE ARMORY DISPUTE.

Capt. Louis N. Dondero Explains His Sids of the Matter.

Capt. Louis N. Dondero makes the ving statement: ce my attitude relative to the use

following statement:

Since my attitude relative to the use of the armory at the initiation of the local Order of Elks on March 30, 1914, has been persistently misrepresented, and possibly for a purpose continues to be so, I desire to state the facts as they actually occurred.

On the 12th day of March 1 received an application for the use of the armory from Mayor Dunn, which application I approved and forwarded on the 14th day of March, 1914, to the adjutant general, C. N. G., in accordance to military regulations, as will appear by the endorsements thereof.

On the 24th day of March I was notified by the adjutant general that said application had been granted.

In relation to objection raised to the granting of the application, I positively was not present when same was written, and did not encourage its making, and neither directly or indirectly approved of it.

On the night of the initiations I granted to the order the use of the company rooms, not included in the original lease.
